## Event Description:

This is an opportunity for Biology MS students to network with recent alumni of the BS/MS program who are currently pursuing an MD, PhD, or other science related careers. We will have a panel of recent alumni who will be engaging in a Q&A session followed by a social hour where people can communicate with the panel one on one. This is an opportunity for students to get first hand advice and information about their future career paths and develop their networking skills in an informal setting.

## Comment

Approved fund reduced to \$170 for Financial By-law violation. Event Organizers spent less money than originally estimated and also failed to mention GSA as sponsors on all their advertisements
