Event Name

Event Description:

Battle of the Bands is an annual event held by our organization, Kappa Psi Pharmaceutical Fraternity, to spread awareness about helping others with blood cancers like leukemia and lymphoma. We have teamed up with Be the Match, the National Bone Marrow Registry, in our endeavor to help gain members for the bone marrow registry. Every day, over 6000 individuals search Be the Match Registry in hopes of finding a match necessary for a life-saving transplant. Unfortunately, only half of these patients will get a transplant. This is the reason why awareness is required to help those in need. Battle of the Bands is a 1 night event at the Loft that will feature approximately six bands/singer-song writers. They will "battle it out" by playing their own songs for a grand prize, which is yet to be determined. The audience will vote for their favorite band, and the band which gets the most votes will win the grand prize. The event will also feature guest speakers who have been affected by diseases like leukemia and have benefited from bone marrow transplants. Be the Match will simultaneously be on-site to register students, faculty, and anyone else who wishes to join the registry. Our hopes is that this will be a fun and memorable event where many graduate and undergraduate students alike will attend.

Event History:

Budgetary Breakup

Loft Concert Rental Fee - \$300 Parking (Artists) - \$45 Security - \$350 House Manager/Support Staff - \$80
Printing: Flyers - \$50 Programs

Other Considerations / Additional Comments

Kappa Psi has been working with Be the Match for four years now when one of our professors and fellow brothers, David Bao, was diagnosed with Acute Lymphoblastic Leukemia. The purpose is to spread awareness and encourage people to register with Be the Match. This will be our 4th annual Battle of the Bands event. Last year GSA was able to fund part of this event along with AS funding.

Other Sources

UCAB Tech Fee Waiver: \$450, Triton Community Funds \$275
